

INITIAL COIN OFFERING

PARTICIPATE IN A PROMISING ADULT ICO

JCN is a multi-purpose 18+ utility token (JCNXXX) for ecosystems of digital online adult entertainment services and continues where others cryptocurrencies and altcoins stop.

The JCN Token is designed for 18+ consumers, webcam models, studios, affiliates, advertisers, content partners and any other company who is active with providing products and/or services within the online adult entertainment industry.

JCN is a crypto token for ecosystems of digital online adult entertainment systems based on ERC-20 (Ethereum Token Standard)

ICO HIGHLIGHTS

- * Decentralizing the online adult entertainment industry
- * Highly profitable industry (global annual revenue size: 100 billion USD dollar market)
- * ERC-20 (Ethereum) utility token for Consumers - JCN partners
- * Safe, secure, reliable and encrypted decentralized payment and payout solutions
- * Assist JCN partners (B2B) to make the transition to Web 3.0
- * Reduce costs and increase revenues for JCN partners
- * Consumers pay less, get more and will get access to all JCN Partner sites
- * New entertainment sites, features and DAPPS (Decentralized Applications)
- * Monetize the underdeveloped live voyeur spycam niche
- * JCN Token Exchange and Marketplace (B2C - B2B)
- * Decentralized SaaS platform for Cam Professionals (independent models and studios)

By using Ethereum blockchain technology and smart contracts, JCN tokens will be fully programmable which results in unlimited benefits for all the user groups active within ecosystems of digital online adult entertainment services.

Raised funds from participants will be used to solve problems within the online adult entertainment industry by using blockchain technology.

The main target is to create a global acceptance of the JCN token where everyone automatically benefits from decentralization in a sustainable way forward.

TEAM

We have a small team that works closely together since 2009. Each of the team members has years of experience under the belt in different roles and areas within the 18+ online entertainment, software development and digital marketing industry.

PARTNER PROGRAM

For companies active within the 18+ entertainment industry we have developed a partner program to be part of this ICO but most important to simplify business processes, reduce costs and grow their business using blockchain technology and decentralization.
